

THE CLEAR WAY TO GO GREEN

- **Sustainability Alternative** – Made with a minimum of 20% post-consumer recycled material sourced from recycled soda and water bottles
- **One Lid Fits Five Container Sizes** – Lid interchangeability reduces storage requirements and increases operational efficiencies
- **Built to Perform** – Made with RPET, a material that holds up well to high-acid and oily foods and is crack-resistant
- **Clear View** – Excellent crystal clarity to enhance product appearance, stimulating impulse sales

Bare® Eco-Forward® RPET Plastic Deli Containers

THE CLEAR WAY TO GO GREEN

Solo's premium Bare® RPET deli containers and lids are made with 20% post-consumer recycled content, delivering a sustainable option that environmentally conscious customers prefer. The superb clarity of the container enhances product appearance and impulse sales, while the durable, crack-resistant material serves a wide variety of food applications with a temperature range of -22 – 151°F.* For streamlined operations, a common lid fits five convenient sizes that are easily stackable to reduce storage space.

A Better Option for the Environment – and Deli Operators!

Lid Interchangeability
One lid fits 5 container sizes
(8 – 32oz)

Sustainability Alternative
Made with a minimum of 20%
post-consumer recycled material
from soda and water bottles

Customized Design Available
Up to 6 colors on all containers and
up to 4 colors on the recessed lids
(LG8R and LG8RB) only

High Performance Material
Holds up well to high acid and
oily foods and is crack-resistant

Stackable Containers
Containers nest easily in a
stack to save space

Temperature Range
-22 – 151°F*

* Lower temperatures make the product more brittle. The minimum use temperatures (-22°F/-30°C) are based on the product receiving no impact from shipping, storage and handling during use. If the product is subjected to impact under conditions of use, the minimum use temperature will be higher than the values indicated. Customers should test the product under their conditions of use to confirm it meets their performance requirement.
