U.S. Patent No. 8,272,533; Other U.S. and International Patents Pending

Cutlerease™ Dispensing System

Cutlery at Your Fingertips

Clean, Hygienic Cutlery

Cutlerease™ innovative dispensing system promotes improved hygiene and reduces the spread of germs by releasing one piece of cutlery at a time.

Operators

- Tape tabs offer sanitary handling of cutlery refill packs and easy pick up and loading of cutlery into cartridge.
- Cutlerease™ system has no trays or levers; helps prevent accumulation and transfer of germs and bacteria.
- One piece at a time dispensing supports a take-only-what-you-need mindset and reduces waste.

Consumers

- Cutlerease™ system automatically dispenses one piece of cutlery at a time.
- Handle-first delivery maintains cutlery's sanitary eating area.
- Take only cutlery that is needed.

Save Space and Resources

- Compact footprint; nearly 3:1 counter-front space savings over the popular brand.
- Cutlerease™ system holds 360 pieces to reduce loading frequency for the operator.

Reduced Footprint!

Easy to Operate and Convenient

Customize your cutlery options. Cutlerease™ system is so versatile, you can mix and match cutlery to meet your business needs. Want more forks than spoons? No problem.

Cutlerease™ base universal design gives operators flexibility to customize cutlery types and change out cartridges easily.

Red indicator tab indicates cutlery is low and time to reload.

Easy touch release trigger readies cutlery for user to grab and use.

No Plugs or Batteries

Cutlerease™
Dispensing System
