

Victory Handheld Sprayer

Disinfecting with the power of electrostatic

About this product

This professional, cordless, electrostatic sprayer allows you to spray your surfaces for hours at a time without the hassle of dragging a cord. It is designed to save time and labour, spray less liquid, and cover more surfaces evenly. Victory Handheld Sprayer's patent pending technology provides an electrical charge to solutions, allowing them to wrap conductive surfaces with an effective and even coverage. Double-charged particles envelope all surfaces whether they're shadowed, vertical or underneath. The Victory Handheld Sprayer's standard 3-in-1 nozzle allows the user to match particle's size to the chemical's required dwell time.

- Ideal for disinfecting, sanitizing, and odour removal
- Uses less solution
- Touchless application
- Reduces cross-contamination
- Designed to meet dwell time
- Portable – weighs only 5.9 lbs. with a full tank
- Cordless convenience allows for effortless movement from room to room
- Refillable tank allows you coat up to 2800 ft² on 40 micron setting
- Easy to implement & cost effective

LED head light for better visibility

Adjustable, colour-coded 3-in-1 nozzle
