

BEL252 PRESSURE SENSITIVE CASE TAPER

Wexxar Bel®

 WEXXAR BEL

The BEL252 is a fully automatic, pressure sensitive uniform case taper that offers highly advanced production duty design. No other brand of automatic case taper compares with the BEL252 for compactness, safety, quality of construction, operating performance, and value.

The BEL252 pressure sensitive case taper is equipped with DEKKA High performance stainless steel tape heads and the Wexxar Bel snap folder system providing sealing speeds up to 25 cases per minute. Quick three step size change with simple hand wheel and clamp adjustments enable the BEL252 to seal a wide range of case sizes.

The BEL252 fully automatic, uniform case taper is a perfect choice for the production packer looking to automate case sealing lines at a practical cost.

FEATURES
