

BEL270 HOT MELT GLUE CASE SEALER

Wexxar Bel®

The BEL270 is a fully automatic uniform hot melt glue case sealer that is unmatched for compactness, quality of construction, safety and operating performance. At 58 inches in length the BEL270 is the most compact automatic hot melt glue case sealer available.

The BEL270 hot melt glue case sealer is user-friendly and simple to operate – a case size change can be completed from either side of the machine in less than one minute. The BEL270 case sealer can be fitted with all popular brands of hot melt glue application systems. BEL's unique static compression system provides quick uniform bonding of adhesive for positive case sealing at speeds up to 25 cases per minute.

FEATURES

- * **Size** – Compact machine footprint for applications with limited floor space.
- * **Snap folder system** – for safe reliable top flap folding
- * **Centralized, colour-coded setup guides** – make case changeovers quick and easy
- * **Uni-drive belt system** – eliminates case skew and ensures cases are squarely taped
