

BEL150 PRESSURE SENSITIVE CASE TAPER

Wexxar Bel®

The BEL150 is a uniform, pressure sensitive, semi-automatic case taper that features heavy duty corrosion resistant aluminium C-Beam construction, and a powerful Uni-Drive case transport system.

The BEL150 semi-automatic case taper can seal a wide range of case sizes at speeds up to 30 cases per minute with quick case size changes. The DEKKA high performance stainless steel tape head is a standard feature. Simple design and rugged construction will deliver years of reliable, low maintenance performance.

FEATURES

- * **Size** – Compact machine footprint for applications with limited floor space
- * **Centralized, colour-coded setup guides** – make case changeovers quick and easy
- * **Uni-drive belt system** – eliminates case skew and ensures cases are squarely taped
- * DEKKA high performance stainless steel tape heads
- * Robust frame design and materials for 24/7 operation
- * Designed and built in North America with premium materials

SPECIFICATIONS

- * Speed: up to 30 cases per minute
- * Corrosion resistant and paint free frame construction
- * Machine dimensions: 37.5" (L) x 33" (W) x 60" (H)

OPTIONS

- * 3" Tape head
- * Locking caster wheels
- * Infeed and outfeed conveyors
- * Spare parts kits
- * Stainless steel construction
