

HOW TO HARNESS PRODUCTIVITY

IMPROVED BALANCE

Pivoting ball joint distributes the weight to the natural center of gravity

INCREASED PADDING

ProTeam FlexFit® harness with enhanced back pad, shoulder pads and lumbar support for extended comfort—on ProTeam Super Coach® Pro, GoFree® Flex Pro II, and ProVac® FS 6 units

STAY COOLER

Open weave harness allows heat to dissipate during operation

IMPROVED ADJUSTMENT

The sternum strap has been strengthened for increased adjustability

FREEDOM OF MOVEMENT

FlexFit® articulating harness responds to the motion of the user – increasing comfort and reducing fatigue

Upgrade existing units with a new harness and discover a higher level of cleaning efficiency, comfort and power:
