

READY TO SERVE

- **Rolled Rim** – Gives rigidity to the container and ensures leak-resistant lid fit
- **Purposeful Design** – Wide mouth and (squat or low) profile make it easier to fill and eat from the container
- **Dual Temperature Usage** – Multi-purpose double-sided poly container that can be used for both hot and cold applications with a maximum temperature of 205°F
- **Eye Catching Graphics** – High gloss polyethylene coating on the outside of the container allows for exceptional print quality and a smudge-free surface
- **Put A Lid On It!** – Multiple plastic lid options available in multiple materials to cover all customer needs

VS Double-Sided Poly Paper Food Containers

READY TO SERVE

The squat profile and wide mouth of our VS Double-Sided Poly food containers makes this product easy for operators to fill and easy for customers to eat! These containers are ideal for cold foods due to the poly coating on the outside of the container which reduces condensation, but can also be used for hot foods due to the temperature maximum of 205°F. A high gloss finish ensures a smudge-free surface for your stock or custom print to stand out!

White

Jazz®
(MTO item*)

Symphony®

Lids

Rolled Rim
Gives rigidity to the container and ensures secure leak-resistant lid fit

Versatile Applications
Serves hot or cold foods

Moisture Barrier
Container lined with polyethylene on the inside to prevent leaking and on the outside to reduce sweating/condensation to prevent weakening

Sustainability Alternative
Made with at least 85% plant-based renewable resources; we source fibers certified under the SFI® chain of custody

Wide Mouth and Squat Profile
Easy to serve, easy to eat

Lid Variety
Multiple lid styles available in various materials for different applications
