IPS GENERAL PURPOSE PERM BWD

Facestock: A bright white face sheet, which provides excellent printing in handheld impact printers.

Basis Weight: 50#/ream (25x38)
Caliper: 3.5 mils

Adhesive: Versatile general purpose permanent emulsion acrylic adhesive with good initial tack to corrugated, glass, metal and plastics. It offers excellent initial adhesion especially at colder temperatures.

Adhesive Weight: 10#/ream (24x36)
Minimum Application Temperature: +10°F
Service Temperature Range: -65°F to +200°F

Liner: 40#CK bleached, calendered kraft stock

Total Laminate Construction: 6.7 mil +/- 10%

Storage Conditions: 72°F and 50% RH

FDA Compliance: Title 21, Section 175.105 of the Code of Federal Regulations (21 CFR 175.105). Compliance to this regulation permits the use of this adhesive in applications for which the adhesive either (1) is separated from the food by a functional barrier, which will prevent the migration of any of the adhesive components to the food, or (2) has incidental contact with food limited to the trace amount at the seams or the edges of the label.
