Hinged Deli Containers

- Whether it's for a store, supermarket, airport, farmers market, craft shows, deli, bakery, or any restaurant, our Deli packaging solutions are designed to accommodate your establishment.

- Provides an excellent and versatile display that can be arranged in multiple ways to impact consumer perception.

- Flat surface allows for visually inviting labeling.

Features :

- Leak Resistant
- 360° Patented Seal
- #1 Curbside Recyclable
- Reusable
- Freezer Safe
- Made with 30% post-consumer Recycled material

Diverting nearly 350 Million clear plastic water bottles from landfills!

From the deli counter to the bakery table and everything in between, Deli containers have been used for every application imaginable.

Today's customer demands transparency in every aspect of sustainability. It is scientifically proven that transparency affects the attractiveness of a product.

Offered in sizes 8 oz. to 64 oz., The Clear Hinged Deli containers are room temperature to freezer safe and perfect for a variety of applications such as grains and nuts, farm-produce, dairy, confectionary, and much more. A patented 360° incredibly robust seal provides for a leak resistant presentation, to prevent messy leaks and spills.

Deli Containers are a highly rated product for superior performance and includes 30% Post-Consumer Recycled material since 2007 diverting over 350 million clear plastic water bottles from landfills. A #1 curbside recyclable product provides an ease of mind that you are doing your part to preserve our planet.

A background image of a kitchen counter. In the foreground, a clear plastic blender jar is filled with a mixture of orange, red, and blue fruits. A blue cloth is draped over the counter next to the blender. In the background, there are more kitchen items, including a glass and some containers, slightly out of focus.
