

Medium Duty – Type 96

Green Hand Pad

TECHNICAL DATA SHEET

1.0 Description

The Medium Duty Green Hand Pad is made of polyester fibers in a semi open textured, nonwoven pattern. Abrasive particles are dispersed throughout and bonded to the nonwoven construction with a durable adhesive.

2.0 Intended Use

Designed for most daily cleaning jobs; rinses clean and last longer. Hand-Size eliminates cutting or folding the larger pad.

Can be used wet or dry to scrub cookware, clean floors, clean kitchen equipment, and for general purpose cleaning. Because of its aggressiveness, it is not recommended for use on polished or easily scratched surfaces.

3.0 Construction

Made of 100% recycled PET with resins, designed for use in standard maintenance.

4.0 Packaging and Marking

Available

- Bulk

- Inner packs in film, box or polybag.

Labeling is to clearly identify product, size, and quantity. ACS brand or private label is available for these products.

5.0 Directions for Use

Use with water or cleaning agent for general cleaning.

6.0 Product Care

To prolong the life of this product it should be rinsed out with water or soaked in a cleaning solution to dissolve caked on soil.

7.0 Properties

Property	Value	Test Method
Thickness	0.344 – 0.466 in	D5736-95
Weight	493 – 663.3 g/m ² 14.5 – 19.5 oz/yd ²	D6242-98
Fiber Type	PET 100% Recycled	---
Binder System	Synthetic Blend	---
Binder Application	Spray/Spray	---
Abrasive	Aluminum Oxide	Scheiffer Test
Color	Green	---
